PERSONAL STATEMENT

I am a capable, determined and inquisitive individual with a strong finance and investment management background and a keen interest in data and analytics. My education and work experience have developed in me a strong analytical ability and the capacity to apply logic and critical thinking to tasks and problems at hand. I am people-oriented, easy-going and adaptable, and enjoy working in a team environment. I am first and foremost interested in learning and building my career. Beyond work, I am passionate about nature, outdoor activities and particularly endurance sports.
